

Memorandum of Understanding

Independent Review & Attestation of Reproduction Findings

1. Parties

Requesting Party:

(organization/individual commissioning the review)

Independent Reviewer: Alexander Busch,

(affiliation / title, if applicable)

2. Purpose

This Memorandum documents that the Independent Reviewer named above has conducted their own, independent examination of the reproduction methodology, scripts, and results contained in the report titled “Independent Verification: transcend-conflict-forecasting” (verification_report.html), dated:

which itself documents an AI-assisted attempt to

independently reproduce the headline results published in the public repository github.com/CameronPeltz/transcend-conflict-forecasting.

This Memorandum does not itself constitute an independent audit. It records that the named reviewer personally examined the material referenced above and records their own conclusions.

3. Scope of Independent Review

For each criterion, mark the outcome of your own independent check.
